Permit #514 X

Dear Mr. Henderson:

The Executive Secretary has instructed me to agree that the captioned well will be carried with the new designation, Consolidated #3-13 Navajo 226 pursuant to your letter dated August 27, 1969. We are able to correct our records accordingly and no new forms will be required.

This well was designated as the #4 Navajo because it was the fourth well to be permitted by Consolidated in this Navajo Lease No. 14-20-603-226. With the expiration of Permit No. 488 it is, in fact, the third well to be drilled by Consolidated.

Consolidated Oil & Gas, Inc.

April 18, 1969

State of Arizona
Oil & Gas Conservation Commission
1624 West Adams, Room 202
Phoenix, Arizona 85007

Attention: Mr. John Banister

Gentlemen:

East Boundary Butte Field
Apache County, Arizona

Consolidated Oil & Gas, Inc. acquired certain wells from Shell Oil in the East Boundary Butte field and one well from Mobil Oil in what is referred to as the North Toh-Atin field, all located in Apache County, Arizona. The two gas wells purchased from Shell in the East Boundary Butte field are known as the Navajo No. 2, located in the SE NW of Section 3, and Navajo No. 23-11, 69 located in NE SW of Section 11, T41N-R28E. The Mobil well 32 (Franco Western), Navajo No. 1, is located in the SW NW of Section 22. These names are being used by Consolidated.

Since acquiring the acreage, Consolidated drilled and completed its Navajo No. 2-13, located in the SW SW of Section 2. This well is carried on your records as the No. 1 Navajo under Permit No. 481. It is the dual oil producing and water disposal well.

Consolidated drilled and is currently completing its Navajo No. 3-11, located in the NE SW of Section 3. You call this well the No. 3 Navajo under Permit No. 490. Your Permit No. 488 for the No. 2 Navajo was for a location in the NE SE of Section 3. Consolidated carries this location as the Navajo No. 3-9, and the well has not been drilled. correct 90

488 O.K.

State of Arizona
Oil & Gas Commission
Page 2
April 18, 1969

Attached to this letter is a map of the area showing our well locations with Consolidated's designated well numbers. If necessary, we will change our well numbers to meet the requirements of your department.

Consolidated proposes to lay a flow line from the well located in the NE SW of Section 3, Permit No. 490, to the tank battery located near the well in the SW SW of Section 2, Permit No. 481. We propose to produce the full well stream through the pipeline into a heater treater which will be equipped with an oil meter. The oil will be metered to a common tank battery along with oil from our Navajo No. 2-13 well. A difference in working interest owners exists between these two wells. However, the rights of the working interest owners and royalty owners will be protected by metering the oil in accordance with good oil field practices. Oil from our No. 23-11 well is transported through Four Corners Pipeline; however, we are having to truck the oil from our Navajo No. 2-13 well, Permit No. 481. Consequently, oil from our Navajo No. 3-11, Permit No. 490, will also be trucked. Form 8 has been filed with your office.

Even though you have given verbal approval of this proposal, it would be appreciated if you would give us written approval for our records. If you need any additional information, please call me collect.

Yours truly,

CONSOLIDATED OIL & GAS, INC.

Sec. 3: NE/4 SE/4 (9)
Apache County, Arizona

Dear Mr. Lowe:

In reviewing the Application For Permit To Drill, we wish to inform you that Shell Oil Company has a gas well producing from the Hermosa Paradox formation in this section. Our spacing requirements allow the full section dedication to that gas well as pertains to that formation.

The spacing pattern for oil wells established in that area makes it advisable that your dedication be the E/2 SE/4, section 3. If you do not hold the SE/4 SE/4 under lease, please advise us. We can allow the N/2 SE/4 dedication you request, but prefer to continue the established pattern in that township and range.

Yours truly,

James A. Lambert
Administrative Assistant

We are in receipt of the two copies of Form No. 3, the U.S.G.S. forms, the two copies of the survey plat, and your Check No. 01395 in the amount of \$25.

Please find enclosed your Check No. 01395 which we are returning with a request to correct the name of the Payee.

We are holding your Application To Drill and will issue the Permit To Drill as soon as we receive corrected check.

Sincerely,

John Bannister
Executive Secretary
